The refurbishment of this post office in St Albans was carried out as part of a framework for Royal Mail to which Vivid was appointed to cover London and the South East. New installations included a merchandise advertising area, a queue rail system, financial services area, Post & Go facilities and furniture for staff. New flooring was provided in some areas while in others the floors were deep cleaned. Internal and external signage was replaced.

The Vivid logo, featuring the word "vivid" in a stylized, lowercase, blue font with a white outline.
